SALEM COLLEGE

SIGHTS & INSIGHTS

2009-2010

SALEM COLLEGE 501 S. CHURCH ST. WINSTON-SALEM, NC 27101

CHANGE YOUR WORLD!

The theme for the 2009-2010 issue of Sights and Insights is "Change your world." Directly inspired by the amazing Paula Young, the staff of Sights and Insights unanimously found that this year was defined by self-discovery, self-determination and the desire to change our own world. At Salem College, we are changing our world.

In honor of this amazing woman and her positive influence on our decision, the staff of Sights & Insights hereby dedicates the 2009 -2010 edition to Paula Young

Dr. Young with her son, Casey. Photo courtesy of Maffi House.

Paula Young

"A good teacher is like a candle;
they consume themselves to
light the way for others."
~Author Unknown

Energetic, sharp and witty

are among the words used to describe this year's recipient of the Sights and Insights dedication. She is an alumna of the University of Arkansas where she earned her bachelor's, master's and Ph.D. in science. She came to Salem College in 1993 and is now associate professor of mathematics. Along with her love of heavy metal music, Harley-Davidson and space aliens, she is a dedicated mother, professor, and mentor. Her students find her creative, brilliant, challenging and -- most of all -- inspiring. Her opening convocation speech was the inspiration for the theme of the 2009-2010 Sights and Insights. During her speech she encouraged all of us: "foster a positive change in your world...You cannot change *the* world until you have changed *yours*."

Above Photo: Courtesy of Brooke Barber and Salem College Student Activities, we can see the entire Senior Class of 2010 gathered in front of Main Hall for a group photo with President Pauly.

On Founder's Day, prior to Convocation, the Senior class marches down to Sister Oesterleins grave to leave a daisy. This represents not only honor toward our first teacher and the Colleges founder, but also the closing of our journey here at Salem. It is a parallel to the same trip to the grave we made as First-Years during Orientation week. Photos courtesy of Matti House.

Senior Traditions

One final Founders Day tradition is the presentation of the Senior gift to the college. This year the graduating women chose to plant a tree on campus. Photos courtesy of Matti House

Move In Day!

Left: Members of the "Sign Committee" are the first to welcome the First Years to campus.

Right: The Orientation Leaders take a much deserved break for lunch in the Rat.

Above: The entire group of 2009-2010 Orientation Leaders pose for a picture with Brooke Barber, their fearless leader!

Left/Right: First Years are given extra special treatment at Salem College: they aren't allowed to move a single thing of theirs into their dorm!

Instead, the Orientation Leaders move every item for them. From the car to the 3rd floor, the OL's have your back...even if they strain theirs!

Opening Convocation

Opening Convocation marks the official beginning of our academic year. It features an opening prayer by the amazing Rev. Amy Rio-Anderson (above), a speech from a specially chosen speaker (see Paula Young's dedication page, and ultimately a candlelight homage to our Alma Mater (far above and left).

But perhaps the best part of Opening Convocation is the shoes! Each year the Senior Class decorates shoes that are both crazy and reflective of their individual personalities. Some of this year's best are pictured in the center below.

Above: Excited to see their new sisters, the Junior class cheers on the first years with the traditional "We Love You, Sisters" song.

Below: Showing off her crazy shoes, Amber Lankford bounces her way to opening convocation.

Daisy Days Retreat

Photos courtesy of Maffi House, Emma Butterworth, and Brooke Barber.

2009-2010 marked the beginning of a new tradition for Salem College First Years. During orientation week, the entire class of 2013 went on a private retreat complete with trust exercises, skits, sugar cake, bonding activities, the sharing of personal stories, and one-on-one discussions with a select few Upperclasswomen. The overnight retreat taught the First Years that bonding with their classmates was of the utmost importance for their happiness at Salem, and that nothing is beyond their reach - especially if they work together as sisters. Most who were there agree - they're Sisters for life now!

FALL LAWN

Photos on both pages, courtesy of Brooke Barber

Fall Lawn was the first social event of the school year. Almost all of Salem made their way down to Bryant Hall to unwind and have a good time, and did they ever find what they were looking for! The live bands made for a fabulous night of dancing and partying - with smiles everywhere!

FAMILY WEEKEND

This year, Family Weekend was held over a unique date: Halloween! That meant we saw an incredible mix of amazing (and sometimes quirky) costumes as well as street clothes. In fact, the entire Salem College Chorale dressed in costumes for their annual performance at brunch (pictured below)! Despite the costumes, and the rain, the traditional Family Weekend activities prevailed. These included the Stroll & Sprint, Faculty Brunch Mixer, and skits.

Below: Caroline Jackovich posing for a picture with her littles: Virginia Broughton and Mary Ivey Montgomery Stewart.

Regina Diggs, Zoe Fawcett, and Shamaz Denerson are all smiles with their big sis, Sarah Fowler.

Right: Christine Tillman and her littles: LeeAnn Holmes, Randi Roppolo and Ollivia Edwards.

Elizabeth Ganshaw stands with her littles Logan Rost, Bronte Emery, and Samantha Styres.

Bigs & Littles

2011 & 2013 The Making of Sisterhood

Kristyn Bridges takes a break from the celebration to smile for the camera with her little sister Roody Volcy.

Photos courtesy of Matti House and Brooke Barber

The Class of 2011 searched long and hard to find that special Salem Sister they could call their Little. Some Littles were even claimed over a year in advance! Through Admission visitations, Facebook, and the mini profiles that were created at the beginning of the school year, the Juniors got to know their Sister class - the Class of 2013. The First years, at a ceremony held in the Club Dining Room on September 18, 2009, found a balloon with their name on the outside. To discover who their Big Sister was they popped the balloon and inside was a slip of paper with her Big's name written down! The Chairs for the Class of 2011 were Elizabeth Ganshaw and Tara Madden.

Spirit

Stand on the chairs...

Week .. and sing!

Photos Courtesy of Matti House

This year's Fall Fest theme was "Disney", and it all kicked off with Spirit Week! Each day of the week had a different theme, and Salem Sisters dressed up and made their way to the Rat for judging at lunchtime. After the senior's traditional song, the judging began. Contestants showed off their outfits and even performed mini-skits. The entire student body then decided who was the best by shouting, screaming, and breaking their plates and cups on Refectory tables. The overall winners are chosen, and the points are factored into the overall Fall Fest judging. After Spirit Week the real fun begins - Fall Fest Changs & Cheers, Parades, Skits, and Sister Songs = all with the magic of a Walt Disney twist!

Semi Formal

This year Semi Formal was all about the rockin' out the Speakeasy! Almost everyone in attendance dressed for the occasion with flapper dresses, feathered headbands, and plenty of beads. The night was certainly one to remember, especially for one special Salem Sister who received a beautiful ring!

Masquerade

"Masquerade! Paper faces on parade... Masquerade! Hide your face, so the world will never find you! Masquerade! Every face a different shade...Look around - there's another mask behind you!...Burning glances, turning heads...Masquerade! Stop and stare at the sea of smiles around you! Masquerade! Grinning yellows, spinning reds...Masquerade! Take your fill - let the spectacle astound you!"

Spring Cocktail is always the first event for the newly elected CAB Board. They have very little time to pull off the actual event, but this year's group gave us one amazing night! Spring Cocktail 2010: Nautical Edition was an great night out on Clewell Patio complete with live music, great food, and a lot of dancing. Each and every Salem Sister out on the dance floor had a smile on her face - they couldn't help it!

Day of Academic Excellence

In one of Salem's newest traditions, the Day of Academic Excellence allows seniors to present their Senior Seminar and Honors theses work to the entire Salem Community. Classes are suspended, and all students are required to attend a variety of sessions in order to fully appreciate their fellow sisters' work. The sessions last all day, but are broken up by snacks and a formal awards dinner.

The background is a dark, charcoal grey color with a grainy, textured appearance. It is decorated with several large, white, splatter-like graphics. One prominent splash is in the upper left corner, another is in the lower left corner, and a third is in the lower right corner. The word "ORGANIC" is written in a large, bold, black, sans-serif font across the upper middle section. Below it, the word "Salem" is written in a white, elegant, cursive script font.

TWO THOUSAND TEN ELEVEN

WORLD / YEARBOOK

/ THE WORLD AROUND US

IN RECOVERY

As the economy showed signs of recovery from the worst recession most Americans had ever known, President Barack Obama's satisfaction ratings also became more sensitive.

Top row from top left:

NEW HOMEOWNERS REJOICE First-time home buyers received tax credits of up to \$8,000 when Congress passed a bill intended to revitalize a struggling housing market. The early summer deadline was later extended to serve those buyers whose closings were delayed due to the number of loans being processed. **WAR IS OVER** In late August, President Obama announced that Operation Iraqi Freedom had officially ended. While the last combat brigade had already vacated, some U.S. troops remained in Iraq through year's end to help with training new Iraqi military forces. **HEALTH-CARE REFORM** The Affordable Care Act was signed into effect in March 2010, with the hope of enhancing accessibility and quality of health care for all Americans. Prospects for a potential repeal continued for months. **PAYROLL TAX CUT** Aimed at stimulating the economy by increasing take-home pay, these cuts saved workers earning \$50,000 an estimated \$1,000. Some opponents worried about the decrease the cuts would cause in Social Security funding.

CYBER-BULLYING

Bullying didn't always happen at school or even in person. Some of the most vicious attacks happened over the internet on social networking sites or via instant messages. Many worried that internet bullying was becoming more prominent because of the relative anonymity afforded by phantom screen names.

A REAL ISSUE:

BULLYING

Though bullies had been feared in schools and neighborhoods for centuries, the changing landscape of peer teasing and torture took several visible turns in recent years:

In the past, intimidation and verbal or physical abuse may have been most common forms of bullying. Another form of bullying, social alienation, became more powerful as a result of cyber bullying, where a victim's reputation may have been destroyed via emails, blogs, forum posts or text messages.

After what seemed to be an increase in teen and tween suicides due to bullying, many schools, communities and other organizations moved to provide programs and information for affected students and their parents/teachers.

ITGETSBETTER.ORG

The movement, inspiring nearly 10,000 user-created videos and more than 30 million views, was started in 2010 by author Dan Savage. Among the celebrities, politicians and business submitting videos were President Obama, Hillary Clinton and employees of both Facebook and Google. It was a place where people could share their stories, take the It Gets Better Project pledge and watch videos of love and support.

NATIONAL SUICIDE PREVENTION LIFELINE

By dialing 1-800-273-TALK, anyone feeling the extreme effects of bullying could get the support they might need from trained volunteers who were ready to help.

CARTOON NETWORK'S "STOP BULLYING, SPEAK UP" CAMPAIGN

Known for television channels such as Cartoon Network stepped up to the plate in the fight against bullying. They launched their own campaign to encourage kids to speak up and to ultimately get their schools involved in antibullying programs.

THE TREVOR PROJECT AND LIFELINE

The Trevor Project was established to end suicide among young people by providing life-saving and life-affirming resources including a nationwide, 24/7 crisis intervention lifeline (1-866-4-U-TREVOR), digital community and advocacy/educational programs that created a safe, supportive and positive environment for everyone.

VIDEO PROOF

After the miners gave their loved ones a sense of relief by showing all 33 men alive and accounted for, they used videos to chat with their families.

BOUNCING BACK

Arizona congresswoman Gabrielle Giffords made record strides in her recovery after a gunshot wound to the head during a Tucson shooting in January that killed six others. Giffords was critically injured, but surpassed expectations in the months following the shooting.

JOINING FORCES

When Britain's 2010 election ended in a hung Parliament, the two winning rival Prime Minister candidates (David Cameron, a Conservative, and Nick Clegg, a Liberal Democrat) agreed to join forces and form a coalition government, the U.K.'s first in more than 30 years.

FLAWLESS RESCUE

Televised efforts allowed the world to look on as Chilean miners trapped underground for nearly 10 weeks by a mining accident returned to safety in October. It took just 22 hours and 37 minutes for all 33 miners to travel nearly half a mile to the surface.

EGYPTIAN OVERTHROW

President Hosni Mubarak's 30-year reign over Egypt ended in February when huge protests encouraged him to step down.

A ROYAL ENGAGEMENT

Prince William and his long-time girlfriend, Kate Middleton, scheduled an April 29 wedding after a much-discussed engagement.

LOSS OF POLISH PRESIDENT

Lech Kaczyński, his wife and 94 others died in April 2010 when their plane crashed in Russia. Thick fog was cited as the accident's cause.

SUPREME COURT

Elena Kagan, formerly the Dean of Harvard Law, was sworn in as the Court's newest Justice in August. She replaced 90-year-old Justice John Paul Stevens.

MOSQUE UNREST

After hearing of plans to build a Muslim community center within blocks of Ground Zero, protesters crowded the streets.

NEW SPEAKER OF THE HOUSE

Nancy Pelosi handed the symbolic gavel to Republican John Boehner, the newly elected Speaker of the House, in January.

WIKILEAKS SAGA

Julian Assange, a main spokesperson for the international non-profit that published classified news leaks, was named Readers' Choice for TIME's 2010 Person of the Year.

/DON'T MESS WITH MOTHER

VOLCANIC ASH

European air travel was severely disrupted when Eyjafjallajökull, an Icelandic volcano, erupted through the summer months producing a dense, enormous ash cloud.

EGG RECALL

Nearly half a billion eggs were recalled from nearly 20 states after a salmonella outbreak sickened thousands. All of the eggs came from a single egg-producing company in Iowa.

SNOWPOCALYPSE

Winter yielded record snow levels. Many areas of the country saw multiple school delays and closings due to snow. On Jan. 12, 2011, 49 of the 50 states reported snow on the ground.

IN LIVING COLOR

Scientists revealed the discovery of the biological structure that gives feathers their color in the journal, *Nature*. The report provided evidence that dinosaurs had a coat of downy feathers.

CAR BOMB ATTEMPT

An observant sidewalk vendor who noticed a smoking car and alerted police helped avoid a potentially dangerous situation in Times Square.

GUILTY

Faisal Shahzad, a 30-year-old Pakistan-born U.S. citizen, was arrested as he tried to leave the country and later pleaded guilty to the attempt.

HOW BIZARRE

In a matter of a couple of days in January, hundreds of birds and fish died mysteriously in several states. **WV MINING TRAGEDY** A devastating April 2010 explosion killed 29 miners and injured others; the mining company had a history of safety and environmental infractions. **NEANDERTHAL DNA** German scientists partially reconstructed the Neanderthal genome and proved the survival of the genome in modern humans.

AND THEN

Nearly 100 tons of dead fish, mostly sardines, washed up on a Brazilian beach and reports of other mass deaths came from Italy and France.

While theories about the mass deaths included everything from cold stress and fireworks to hail, many scientists suggested that the various occurrences were merely coincidental.

NATURE

THE 'HOLE' STORY

A massive sinkhole in Guatemala City opened up and swallowed a 3-story building after Tropical Storm Agatha flooded the area with more than three feet of rain in May and June.

UNRELENTING RAIN

Nashville suffered its worst flood in more than 80 years after storms dumped more than 13 inches of rain on the region in two days. Buildings were flooded and more than 30 died.

LA NIÑA MONSOONS

Nearly 2,000 were killed and an estimated one quarter of the land in Pakistan was flooded in July. Miles of highway and railways and acres of farmland were ruined.

SLEEP TIGHT

Bedbugs terrorized the nation, invading hotels and stores nationwide. Because of the problem, a National Bedbug Registry allowed travelers to investigate hotels before checking in.

OUT OF THIS WORLD

A solstice lunar eclipse — the first since 1638 — occurred on Dec. 21, 2010, and was visible across North America.

MINING MATTERS

In recent years, 51 coal seams in West Virginia had contributed 30,000 direct jobs to the state's economy, and its status as the nation's largest underground coal source.

OLDEST GALAXY

NASA's Hubble Space Telescope discovered a small star cluster 13.2 billion light years away; the Milky Way was 100 times greater in size.

LUNAR WATER

A probe found millions of tons of water ice at the Moon's north pole. The water source could be used to sustain a moon base or generate oxygen.

NEW PLANETS

NASA announced that its Kepler Telescope had identified 54 planets that could sustain human life. Conditions conducive to liquid water meant the planets might be inhabitable.

LAST SHUTTLE

The third space shuttle flight of 2011 — and NASA's very last shuttle flight ever — was scheduled for Atlantis on June 28, 2011.

/OIL SPILL IN THE GULF

BRITISH PETROLEUM

CEO Tony Hayward testified before the House Energy and Commerce Oversight and Investigations Subcommittee. Hayward resigned from his post on July 27, 2010.

205 MILLION GALLONS

The amount of crude oil that spilled into the Gulf of Mexico made this the world's largest accidental oil spill in history. After five months, the well was declared "effectively dead."

THE PEOPLE SPEAK

BP station boycotts and anti-BP social media groups as well as traditional protests, like this one in Vienna, Austria, allowed people to make their feelings about the oil spill known.

BOUND TO HAPPEN

The follow-up report by the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling said 'systemic' problems caused the blowout/oil spill and only 'significant reform' could prevent future spills.

THE STATS

APRIL 20, 2010

The Deepwater Horizon exploded in the Gulf of Mexico, killing 11 men and injuring 17 workers. In late April, BP estimated the leaking leak at about 210,000 gallons a day.

A NEW ESTIMATE

But the government produced other figures, estimating that 30,000 to 65,000 barrels (as much as 2.1 million gallons) of oil were being pumped into the gulf each day.

OBAMA SPEAKS

The President addressed the nation after traveling to the gulf to survey the damage made to the Louisiana coastline.

ORGANIZED CHAOS

For months, controlled burns were conducted at sea to help prevent any further spreading of the oil to the shoreline. Coastline in four states was affected.

MONEY WHERE THEIR MOUTH IS

BP projected that they had already spent \$2 billion on clean-up efforts by June. The budget tallied \$20 billion over three years.

LIVE FEED

The nation was able to survey the oil escaping from the leak site via BP's live video feed, assuring the public that the leak would be taken care of.

HOW TO PROPERLY WASH OIL-COVERED BIRDS

STEP 1

Gently flush eyes with warm saline solution. Swab oil from nostrils and bill. Remove any oil from stomach with tube.

STEP 2

Wash oil from body and wings with a dishwashing solution. Make sure to wipe the feathers in the direction they are growing.

STEP 3

Repeat 3-4 times until oil is completely washed away, then gently towel dry bird. Bird will be ready for release in 2-4 days.

DEAD SERIOUS Oil contamination is often deadly for birds if they are not properly washed and cared for. Oil reverses birds' water resistant feathers, making them vulnerable to temperature change. Oily feathers also make it impossible for birds to fly and can even drag them underwater to drown. The oil can also cause internal harm when birds try to preen the oil from their feathers. It can cause kidney, liver and reproductive damage among other things. **CLEANING EFFORTS** Scientists and other volunteers worked on all kinds of wildlife affected by the spill. The processes for cleaning birds, turtles and dolphins varied, as did survivors' chances for recovery. Thousands of birds and dozens of turtles and dolphins perished. **LASTING EFFECTS** In addition to the casualties and the damage to wildlife, there are numerous other long-term effects. Human health issues included increased risk of cancer and other ailments, as well as escalated stress. Two of the region's other major industries (tourism and seafood) were shut down immediately and suffered lasting losses. Louisiana traditionally contributed a third of the nation's shrimp, oysters, crab and crawdads and, despite massive marketing campaigns, hotels and resorts on the gulf shore suffered decreased occupancy throughout the summer.

STRENGTH IN NUMBERS

By June, 558,000 barrels had been collected from the water's surface and nearly 1,240 miles worth of booms had been set up to prevent oil from reaching the shoreline.

HELPLESS

While four wildlife rehabilitation centers were established in response to the oil spill, 36 national wildlife sanctuaries were threatened.

OTHERS JOINED IN

Mexico, Norway, Canada and the Netherlands all donated equipment (such as the water-skimming system on the right) to aid in the clean-up efforts.

JULY 15, 2010

After nearly three months, the leak was finally capped, but not before the effects of the spill could be seen in photos that were taken from space.

NO LONGER ASEA

It was estimated that more than 125 miles of Louisiana shoreline was contaminated with the washed up crude oil.

OIL CAPTURE RIG

Discoverer Enterprise, a deepwater drilling vessel, aided in recovering the spilled oil gushing from the leak site after a cap was placed in June.

/THE MAKING OF

TIGERS EDGE DUCKS

The top-ranked Auburn Tigers defeated the No. 2 Oregon Ducks 22-19 in the BCS Championship game in Glendale, AZ as the 2010-11 season wrapped up. Auburn quarterback and Heisman Trophy winner Cam Newton threw for 256 yards and rushed for another 64, accounting for two touchdowns. Freshman running back Michael Dyer was named MVP. Senior Wes Byrum kicked his sixth career game-winning field goal on the last play of the game to save the Tigers' perfect season. This was the fifth consecutive national championship for the SEC.

FAST AND FURIOUS X 5

Jimmie Johnson came in second to Carl Edwards at the Ford 400 at Homestead-Miami, but that was enough to vault him over Denny Hamlin in the points race to win his fifth consecutive NASCAR Sprint Cup Championship. Hamlin's car was damaged early in the race and never challenged for the lead. Only Richard Petty and Dale Earnhardt, with seven championships each, had more titles than Johnson. Between 2002 (when he joined Hendrick Motorsports) and 2010, Johnson recorded 53 wins, 203 top-ten finishes and 25 pole positions.

DUKE DOES IT AGAIN

BIEBER FEVER

Justin Bieber, the 17-year-old Canadian pop star who began his career on YouTube, released his 3-D biopic and his second remix album the same weekend in February, 2011 to significant commercial success. The releases followed unrewarded Grammy nominations for Best New Artist and Best Pop Album and 2011 People's Choice nominations for Best Video and Breakout Artist.

GET THE LOOK

Not everyone was blessed with super smooth and naturally windblown hair like Justin had, but with these simple steps, you too could sport the Bieber 'Do.'

HOW TO

After washing, simply apply some smoothing product into your hair and then stand sideways in a windtunnel until dry. Keep still, or you could come out looking like a bad 80's music video!

BABY BAMBAM!

Voila! You're the spitting image of Justin Bieber himself. However, proceed with caution, as you could very well start a riot of mistaken Bieber fangirls!

eREADERS

Amazon's Kindle, Barnes & Noble's Nook, Apple's iPad and the newcomer Samsung Galaxy were among the eReaders/tablet devices sold in 2010, making personal libraries mobile.

MUSIC EVERYWHERE

Sonos Home Music System allowed listeners to hear their favorite music in multiple rooms with a remote and any computer. Similar systems were also created for iPads and other devices.

BIG BAGS

From the runways at Fashion Week to malls and campus hallways and classrooms, the popularity of the hobo bag and other supersized purses was apparent.

RAY-BAN REVIVAL

When these '80s mainstays first made their comeback, vintage stores and eBay were practical sources, but demand encouraged renewed production.

SMARTPHONES

It seemed that nearly everyone had become increasingly dependent on their smartphones, totting an iPhone, Droid or BlackBerry wherever they went.

JEGGINGS

When designers crossed leggings with jeans, they got comfy jeggings. Even Conan O'Brien donned a pair on screen in support of this trendy style.

BOOTS GALORE

From flats to spiky heels and everywhere in between, boots seemed to command fashion attention as they completed outfits of many styles.

SKINNY JEANS

Hipsters all over the U.S. and Europe started the revival of popularity in these taut denim pants, but the style had become mainstream in recent years.

ANOTHER DIMENSION Sales of another new tech fad, 3-D television, nearly doubled in 2011 from when the technology was first introduced just a year earlier.

With an estimated four million 3-D sets sold in 2011, industry consultants suggested that figure could double again by 2012 as manufacturers hope to tap into the 3-D gaming market.

INVISIBLE CURRENT

The technology of inductive charging or wireless charging of any device with a lithium battery made its way into homes and offices when users became able to lay their mobile devices on a "power mat" and charge them without any wires or adaptors.

IPHONE ENVY

After five years of the iPhone only being available on AT&T's network, Verizon revealed that they'd become a carrier for the most popular smartphone on the market in February 2011. Verizon announced its most successful first-day sales in company history selling 2.9 million phones in a two-hour span to existing customers. While new customers were required to wait a week to purchase Verizon's iPhone, sales data was not immediately available, partially because of high online sales.

TV/BROWSER OR BOTH?

A relatively new technology, Google TV was an internet-connected TV platform that allowed users to stream videos, movies and music and access other information downloadable from the internet on larger screens. Introduced at a May 2010 web developers' conference, Google TV was directly incorporated into some newer high-definition televisions and Blu-ray players. In addition, some users acquired a set-top box containing the Android-based system and necessary accessories in order to have split-screen access to surf the web on the TV while still watching other programming.

IT'S ELECTRIC

In December 2010, Nissan began selling its version of the electric car, the Leaf, in five states. In addition 20,000 cars had been "reserved." The battery-powered car used a 120v plug to recharge and Nissan claimed it could go 100 miles between charges. The Nissan Leaf won the 2010 Green Car Vision Award and the 2011 European Car of the Year award for its "no tailpipe pollution or greenhouse gas emissions" operation.

SHOE GLOVES Made to feel like you're running barefoot, the Five Fingers running shoes from Vibram found their way onto runners' feet everywhere. **PACMAN RETURNS** Google celebrated the 30th anniversary of Pacman in May 2010 with the first-ever interactive Google logo illustration. The game, which resembled the arcade original, was live for just 48 hours on the Google search screen. **WIKIPEDIA** The San Francisco-based online encyclopedia which pioneered shared knowledge resources celebrated its 10th birthday. The reference was available in many languages; the ten most popular all included more than 500,000 articles. **CHILDREN** A study conducted by AVG found that 90% of 2-5 year olds could work a smartphone app but only 9% of the same group could tie their shoes.

The first-of-its-kind iPad tablet was a huge hit, selling 300,000 the first day, three million devices in 80 days, and nearly 15 million units in calendar 2010.

Hoping to eliminate human inconsistency, several airports in the UK began beaming holographic images of agents to prep travelers for the security line.

After studying customer habits, video rental business models changed. Red Box offered \$1 movies at more than 25,000 locations and Netflix downloads became instantly available on almost any computer or mobile device.
